MEETING DATE: April 27, 2021 AGENDA ITEM: 9A

TITLE:

Receive presentation on the unaudited Monthly Financial Report for the period ending March 31, 2021.

AGENDA ITEM SUBMITTED BY:

Tracy Waldron, Chief Financial Officer

BACKGROUND/HISTORY:

The Chief Financial Officer provides the City Council a monthly financial report overview for all funds to include detailed analysis for General Fund, Water-Wastewater Fund, Bastrop Power & Light and the HOT Tax Fund.

REVENUE

General Fund is exceeding the forecast by over 13%. This is attributed substantially to development fees and sales tax. Sales tax is 13% above forecast and the development services category of revenue is already \$209,000 over the budget amount.

HOT funds revenue is short of forecast due to COVID-19 impacting the hospitality industry to a greater extent than projected. The current projection is that we will experience a \$534,400 shortfall in revenue for FY2021.

Cemetery is running short of forecast. In February, the fund was 52% below forecast. Now the fund is 22% short of forecast. We have seen an increase in plot sales, including 8 non-resident plot sales since the increase in the rate effective Oct. 1st.

The Capital Bond funds are short of forecast due to interest returns being lower than forecast.

The Hunter's Crossing Public Improvement District is behind forecast due to one commercial property that is not paid in full.

EXPENDITURES

The only fund with a negative variance to forecasted expenditures year to date is the Electric Fund. The Winter Storm Uri pass-through cost from LCRA had to be posted as an expense even though the amount is being paid out over 36 months. This variance will be corrected with a budget amendment that is on this same agenda.

This reporting requirement is set forth by the City of Bastrop Financial Management Policies, Chapter IV. Operating Budget, Section D. Reporting, as adopted by Resolution R-2020-77 on September 8, 2020.

Property tax represents 31% of the total General Fund revenue budget. As you can see from the forecast, they are generally collected from December to February. The actual is almost 2% over forecast. The timing of when these payments are received does not stay consistent from year to year which increases the difficulty of forecasting the monthly receipts.

MEETING DATE: April 27, 2021 AGENDA ITEM: 9B

TITLE:

Receive presentation regarding future Bond Financing Plan and associated timeline.

AGENDA ITEM SUBMITTED BY:

Tracy Waldron, Chief Financial Officer

BACKGROUND/HISTORY:

Up until 2019, any bonds issued that were for the purpose of water and wastewater improvements were issued in combination with the City as Certificates of Obligation (CO). In 2018, the City Council had many discussions regarding the WWTP#3 and the Water Plant, two very large improvement projects. These projects needed to be funded from water and wastewater rates and impact fees. There are arguments both ways for issuing Revenue Bonds or Certificates of Obligation. At that time, the decision was made to create a clear separation and issue Utility System Revenue Bonds.

City Manager Hofmann and I have met with the Financial Advisor numerous times to discuss this topic of which bond to issue. In the end, the Certificates of Obligation can be stated in such a way that there is clear understanding that the debt is being paid for from water/wastewater revenue. One advantage in CO financing is the fact that the bonds are backed by the full faith and credit of the City means the CO rating is used which is slightly better than the Revenue Bond rating, resulting in a better interest rate. Another advantage is the elimination of the reserve requirement. The City will always monitor and keep a healthy reserve to ensure the available funds to make all bond payments, but the revenue bonds come with a higher reserve requirement. This requirement puts an additional burden on rate payers because the current revenues must cover current debt payments up to a specified percentage. This means the City must increase the rates to meet that reserve. There is not this reserve requirement with CO's.

The Financial Advisor will be present to address your questions and further expound on the pros and cons of both financing options and explain the consequences of the current HB 1869 bill that limits a taxing authority's ability to use CO's as a financing option without voter approval moving forward.

Within the last several months the Hunter's Crossing Local Government Corporation has been discussing the need for a fence replacement project and the appropriate funding mechanism. After multiple discussions with the Financial Advisor, it was determined that funding this project through the 2021 Certificate of Obligation along with the water/wastewater funding would make the most sense. The Hunter's Crossing Improvement District budget would be responsible for paying their portion of the bond debt annually.

The next bond issuance, projected for a July 13, 2021 sale date, would fund \$35M in water and wastewater projects. Most of the issue will be for the WWTP#3 but there are some funds for the Water Plant, and \$700,000 for the Public Improvement District fence project.

Another financing option the City will have is the American Rescue Plan. These federal dollars are eligible to be used for water and sewer infrastructure projects. With the number of these types of projects the city has in the near future, this seems like a logical option for these funds. Details about this funding are continuing to be disseminated. This funding has an expenditure deadline of December 31, 2024.

STAFF REPORT

MEETING DATE: April 27, 2021 AGENDA ITEM: 9C

TITLE:

Receive presentation on the leveraging of Special Events for greater community building, tourism, and business support.

AGENDA ITEM SUBMITTED BY:

Rebecca Gleason, Assistant City Manager for Community Engagement

BACKGROUND/HISTORY:

Special Events have long been an important part of community building for the residents of the City of Bastrop. Further, the Bastrop City Council, through their focus area Uniquely Bastrop, have stated that staff shall make a priority of *leveraging* the unique combination of community, cultural, and recreational assets. Through the 2021 Reorganizational Plan, staff has been put in place to better support those community, cultural, and recreational assets through the facilitation of collaboration, communication, amplification, and resource sharing. Through this process the goal is to better leverage the hard work these groups are already doing to build greater community, increase tourism, and provide greater business support.

One of the areas that the City of Bastrop has done well is their level of **Civic Programming**, or City led events which have long occurred through the Bastrop Public Library, Main Street Program, Bastrop Police Department, among others. Although these events have always been well produced, they have done so in silos. With the creation of the cross-functional Communication & Special Events Team (CSET) there is now a cross departmental team in place to help plan, promote, and execute all City of Bastrop civic programming. This means that for the first time the City will have a single civic calendar whose events were chosen and placed based on opportunities that will have the highest return on investment.

The City of Bastrop's **Community Assets** provide cultural arts programming to our residents in the form of exhibits, shows, programs, events, and tours. Though the reorganization, the City staff will help amplify their good work by facilitating collaboration in the form of package building for visitors, community special event add-ons, and messaging assistance through our City channels.

The City of Bastrop, through an application process, contributes funding to what we call our **Community Support Groups**. Community Support Groups are non-profit groups that provide an arrange of services to our community. City staff, through the reorganization, will be able to amplify their messages and support their missions through our City channels. Our Community Support Groups will also be invited to collaborate with our fellow community stakeholders, as explained below, for the several fundraising events that are held each year.

The City of Bastrop, through special event permitting, has long collaborated with **Community Event Organizers** on the production of special events in our community. City staff, through the reorganization, will be able to amplify promotion of their events through our City channels. City

staff will further work to collaborate with our event organizers by pairing civic programing with existing community events to allow for greater humanization of the City.

Through this focus on the leveraging of Special Events, we have created a group named the **Community Stakeholders** which includes Visit Bastrop, hotels, Community Assets, Community Support Groups, and Community Event Organizers. Though the reorganization, the City is now facilitating structured communication and tools for collaboration between the groups mentioned above. Groups are encouraged to support each other's missions through partnership opportunities, co-sponsored events, joint messaging, shared resources, and outreach opportunities.

MEETING DATE: April 27, 2021 AGENDA ITEM: 12B

TITLE:

Consider action to approve Resolution No. R-2021-46 of the City Council of the City of Bastrop, Texas to award an Engineering Service contract to TRC Engineering, Inc. to provide engineering services for the City's 2021-2022 Texas Community Development Block Grant (TxCDBG) application and project-related engineering services if funded: authorizing the City Manager to execute all necessary documents; providing for a repealing clause; and establishing an effective date.

AGENDA ITEM SUBMITTED BY

Tracy Waldron, Chief Financial Officer

BACKGROUND/HISTORY:

The city was notified of a grant funding opportunity through Texas Department of Agriculture (TDA) for TxCDBG funds. Part of the application process is procuring engineering services through a bid process. The Finance Department thought that compliance was performed with the procurement process and recommended a contract with TRC Engineering, Inc. for these services on March 23, 2021 with Resolution R-2021-32.

The Finance Department has since been notified that even though the newspaper sent a confirmation on the notice of the Request for Proposal, this notice did not actually run in the paper. The city's administrative consultant, Grantworks, has advised the Finance Department on the steps needed to correct this issue. We have posted this notice again (confirming it's posting) and have offered a time period to receive any additional submittals.

This resolution repeals the original Resolution R-2021-32 and approves this resolution, now that all procurement law has been followed.

The engineer will assist the city in the project cost estimates, completion of the application and project management if funded.

FISCAL IMPACT

The funding for the project will be part of the FY 21/22 budget discussion.

RECOMMENDATION:

Tracy Waldron, recommends approval of Resolution No. R-2021-46 of the City Council of the City of Bastrop, Texas to award an Engineering Service contract to TRC Engineering, Inc. to provide engineering services for the City's 2021-2022 Texas Community Development Block Grant (TxCDBG) application and project-related engineering services if funded: authorizing the City Manager to execute all necessary documents; providing for a repealing clause; and establishing an effective date.

Budget Amendment #1: Revenue

FY 2021 Budget Book (Page 44)

• • • •		
Original Budget	\$12	,471,919
Ord 2020-33	\$	189,262
Amended Budget	\$12	,661,181
Recommended Increases		
City Sales Tax (101-00-00-4001)	\$	287,172
Emergency Management Assistance (101-????)	\$	24,485
Inspection Fees (101-00-00-4012)	\$	250,000
Recreation Center fees (101-00-00-4041)	\$	8,400
New Total Revenue	\$13	,231,238

This amendment increases several General Fund revenue sources. Sales Tax revenue has been running approximately 13% over forecast. This increase is conservative to specifically cover requested increases in this budget amendment. The Emergency Management Assistance revenue is the estimated amount we should receive through FEMA for the Winter Storm Uri declaration. Because of the new recreation program there is an additional revenue source from recreation fees. The development in new residential housing has taken off and is generating more revenue than previously projected in the budget. This increase in Inspection Fees is a conservative projection to cover the additional third-party inspection costs associated with this level of growth.

Original Budget	\$ 453,893
Operating Salary (101-03-00-5101)	\$ 34,400
New Total Expenditures	\$ 488,293

This amendment was necessary to reconcile the City Managers restructuring plan and account for the recommendations made through the compensation study. This increase of \$13,775 reflects the portion of Assistant City Manager of Community Engagement that is funded by General Fund through the reorganization plan. The balance of \$20,625 were the additional adjustments recommended by the compensation study for both Assistant City Manager positions. This amendment has no effect on the General Fund's fund balance. There were available salary savings.

This amendment was necessary to reconcile the City Managers restructuring plan and account for the recommendations made through the compensation study. The restructuring plan created a Deputy City Secretary position that replaced the Executive Administrative Assistant position listed in the budget. No new FTE's were created from this change just a salary discrepancy in the positions. The increase of \$18,345 was attributed to the reorganization and the balance of \$2,105 was increase from the compensation study. This amendment has no effect on the General Fund's fund balance. Subject: Firewall & Computer Replacement Fund Request

Firewall Replacement

I am requesting funds to employ a more cost-effective refresh schedule for our primary network firewall. We need to replace our current hardware to continue servicing our City infrastructure. I have procured quotes that include an up-to-date firewall bundled with a 36-month support term for \$17,580 - an average of \$5,860 annually.

The IT Department's firewall support cost is currently \$4,800 annually but leaves replacement hardware unbudgeted. By purchasing the hardware and support up front we will save substantially on the total cost of ownership, and we will benefit from including the hardware cost in our base budget (see the breakdown below).

Current replacement schedule:

Support (in budget): \$4,800/Annually

Hardware (not in budget): Estimate \$7,000/triennially

Total Annual Cost Estimate: \$7,133

Proposed Replacement Schedule: Hardware/Support Bundle: \$17,580 Total Annual Cost Estimate: \$5,860

My budget can cover \$6,800 of the \$17,580 with this year's allocation, so I am requesting an additional \$10,780 to move forward.

Computer Replacement

I am also requesting \$65,000 to fund our necessary computer replacements city-wide. In fiscal year 2019, we worked to update the computer replacement schedule from fifteen computers annually to a three-year complete replacement program for staff desktops and laptops. Note this does not include Public Safety Mobile Data Terminals – those exist on a separate five-year schedule.

The quoted cost will effectively replace all desktops and laptops implemented from 2014 to 2016, most of which are far behind current standards. The new hardware is a substantial upgrade that will greatly increase speed of access to City resources and improve staff efficiency.

Paul Hofmann City Manager City of Bastrop 1311 Chestnut Street Bastrop, TX 78602

Dear Paul:

Per your request I am presenting the forecast for Visit Bastrop through the end of this fiscal year. This information has been approved by our financial firm.

Should Visit Bastrop operate according to our budget plan we will end the year with seven months of total cash. Our budget plan is \$859,000 in city contract funding, \$75,000 in HOT fund special funding and \$100,000 in Visit Bastrop cash. In the event we do not receive a 4th quarter payment as recommended in Tracy Waldron's staff report, (Visit Bastrop responded with \$237,000 in possible funds to forfeit from their current funding agreement. The recommendation by the CFO is that we reduce the last quarterly payment by this amount), we would end the year with 4.2 months of total cash. The total cash forecast is simply a snapshot at that particular moment (9/30/2021) and will fluctuate.

According to our financial firm, industry best standards recommend *an absolute minimum* of five months operating cash but recommend an optimal level of total cash at 10 to 12 months of operating expenses.

In the event City Council chooses not to use City reserves for the true up, a staff cut will be necessary.

On April 14, 2021, I received an email that we have been approved for the second round of Payroll Protection and notice of a forthcoming deposit in the amount is \$66,000.00. We are offering this as additional offset to the true up.

If you have further questions please let me know.

Sincerely,

Susan M. Smith CEO/President
