## Exhibit A-1

### Exhibit A-1

#### **Piney Creek Bend Planned Development**

##### **A. Purpose and Intent**

The Piney Creek Bend PD is composed of approximately 90.91 acres, as described in Exhibit D (Field Notes). The development of this property is planned as a high quality, residential community with multiple residential product types.

Piney Creek Bend has been designed to create a walkable, pedestrian friendly neighborhood. The contents of this PD further explain and illustrate the overall appearance and function desired for this community. A Land Use Plan (Exhibit B) and Conceptual Lot Layout (Exhibit C) are attached to illustrate the general community vision and design. The Conceptual Lot Layout depicts a mix of residential products and open space areas that are contemplated within the community.

##### **B. Land Use Plan and Conceptual Lot Layout**

The Conceptual Lot Layout (Exhibit C) is a schematic development plan intended to visually convey the design intent for the Piney Creek Bend community. The design of the community is not final, and is subject to refinement during the Preliminary and Final platting stages. This PD zoning document does not constitute plat or site plan approval of the attached plan.

Piney Creek Bend is composed of two single-family detached products. The project will include a cohesive network of open spaces, including parks, storm-water detention areas [if necessary], floodplain and trail corridors. The open space and trails system combined with the sidewalk network will be critical in establishing a walkable community.

The intent for this development is to save as many of the existing trees as possible. On each lot where native trees are not present or preserved in the front yard, the builder will install (2) - 2" caliper trees and 10 shrubs in the front yard during the construction of each residential unit. [No additional trees are required to be planted on a lot if at least two (2) native trees with a minimum diameter of 4" measured 18" above finished grade are preserved on the lot.]

##### **C. Applicability and Base Zoning**

All aspects regarding the development of this PD shall comply with the City of Bastrop Composite Zoning Ordinance, except as established in this exhibit, titled Exhibit A.

For the purpose of establishing development standards for the PD, base zoning districts have been selected from the Bastrop Composite Zoning Ordinance for the various residential products proposed within the PD.

- *For Lots 6,000 - 7,199 sf. - Urban 5*
- *For Lots 7,200 sf. and above - Suburban 6*

This PD allows the flexibility to mix the various residential products and define boundaries for each lot type during the platting process. Each plat submitted to the City will identify the type at the time of Final Plat submittal. In the case that this PD does not address a specific City requirement, the Bastrop Composite Zoning Ordinance shall apply. In the event of a conflict between this PD and the base-zoning district found in the Bastrop Composite Zoning Ordinance, the PD shall be the controlling document.

#### **D. Residential Product Type Requirements**

To ensure a variety and mix of residential product types within Piney Creek Bend, the following standards have been established:

1. Urban 5 (Single-Family Residential Detached) – 6,000 sf. lots  
Minimum of 50 lots but no more than 60% of the total single-family lot count.
2. Suburban 6 (Single-Family Residential Detached) – 7,200 sf. lots  
Minimum of 50 lots but no less than 40% of the single-family lot count.

To allow architectural consistency with locally prevalent and regionally appropriate architectural styles, roof pitches lower than 4:12 will be allowed within the PD.

#### **E. Lot Design Standards**

Piney Creek Bend will include a mix of residential product types and sizes. The detached residential products have been broken into two categories based upon lot width and area. Detailed design standards are included within this PD as Table 1, and are based upon the type of residential product being constructed.

**Table 1 Development Standards**

\* A maximum of 10% of the lots may be less than the required area due to the geometry of a cul-de-sac or other geographic feature.

\*\* Corner lots shall be ten feet (10') wider to provide for the additional side setback.

\*\* Minimum of 50 lots but no more than 60% of the total single-family lot count

\*\*\* Minimum of 50 lots but no less than 40% of the single-family lot count

**F. Garage / Parking Standards**

All garage and parking standards established in the City of Bastrop Code of Zoning Ordinances shall apply.

**G. Fencing**

All lots that back onto parks or floodplain areas shall utilize 6 foot, wrought iron or decorative tubular metal view fencing.

**H. Flag Lots**

In order to provide a legal lot for the detention ponds [if necessary] within the Piney Creek Bend subdivision, the minimum flag lot width shall be fifteen (15) feet. This provision shall not apply to residential lots.

**I. Trails and Parkland**

A substantial portion of the site will be dedicated as parkland/open space and development of the site will include a trail system tying back into the sidewalks creating a network of pedestrian ways within the community that can ultimately be connected to and become a critical link in the regional trail system envisioned by the City. A proposed Land Use Plan with a schematic layout of proposed trails is shown on attached Exhibit B.

**J. Street Standards**

Right-of-way dedication for all public streets shall conform to current City regulations at the time of platting. Street widths shall be a minimum of 26' (twenty-six feet) face-of-curb to face-of-curb within the Piney Creek Bend subdivision. Cul-de-sacs shall have a minimum radius of 50' (fifty feet).

**ORDINANCE NO. 2016-02**

**AN ORDINANCE GRANTING A ZONE CHANGE FROM SF9, SINGLE FAMILY RESIDENTIAL-9 AND A/OS –AGRICULTURAL/OPEN SPACE TO PD, RESIDENTIAL PLANNED DEVELOPMENT FOR APPROXIMATELY 90.91 ACRES WITHIN A11 BASTROP TOWN TRACT, LOCATED NORTH OF THE RAILROAD TRACTS ON THE NORTHWEST CORNER OF RIVERWOOD/HAWTHORNE AND CARTER STREET WITHIN THE CITY LIMITS OF BASTROP, TEXAS AS PART OF THE PINEY CREEK BEND; SETTING OUT CONDITIONS AND ESTABLISHING AN EFFECTIVE DATE.**

---

**WHEREAS**, David Singleton, Southwest Land Services (hereinafter referred to as “Applicant”) submitted a request for a zone change from SF9, Single Family Residential and A/OS – Agricultural/Open Space to PD, Residential Planned Development for approximately 90.91 acres situated in the A11 Bastrop Town Tract, located north of the railroad tracks on the northwest corner of Riverwood/Hawthorne and Carter Street within the City limits of Bastrop, Texas, hereinafter referred to as “the Property”; and

**WHEREAS**, a copy of the Metes and Bounds Survey and location map is attached hereto as Exhibit “A” (the “Property”); and

**WHEREAS**, the Property is currently zoned as SF9, Single Family Residential and A/OS – Agricultural/Open Space; and

**WHEREAS**, pursuant to Section 10.4 of the City’s Zoning Ordinance, notice of the rezoning was given to all property owners located within two hundred (200) feet of the Property, and the Planning and Zoning Commission of the City of Bastrop held a public hearing on the rezoning request on December 3, 2015; and

**WHEREAS**, after notice and hearing, the Planning and Zoning Commission has recommended a PD, Residential Planned Development zoning designation for the Property, See Exhibit A-1, Exhibit B and Exhibit C; and

**WHEREAS**, pursuant to Section 10.4 of the City’s Zoning Ordinance, notice of the rezoning request was given as required by the Ordinance, and the City Council of the City of Bastrop held a public hearing on the rezoning on January 12, 2016 to consider the Applicant’s request to rezone the Property to PD, Residential Planned Development; and

**WHEREAS**, after consideration of public input received at the hearing, the information provided by the Applicant, and all other information presented, City Council finds that it is in the public interest to approve the rezoning of the Property, which is currently zoned as SF9, Single Family Residential and A/OS – Agricultural/Open Space, to a new designation of PD, Residential Planned Development.

**NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BASTROP THAT:**

Part 1: The Property, situated in A11 Bastrop Town Tract, located north of the railroad tracks on the northwest corner of Riverwood/Hawthorne and Carter Street within the City limits of Bastrop, Texas, as more particularly shown and described on attachments Exhibit “A”, shall be and is hereby rezoned from its prior designation of SF9, Single Family Residential and A/OS – Agricultural/Open Space to a new zoning designation of PD, Residential Planned Development.

Part 2: This ordinance shall take effect upon passage and in accordance with the laws of the State of Texas.

Part 3: The Zoning Ordinance standards should be amended as follows:

Piney Creek Bend has been designed to create a walkable, pedestrian friendly neighborhood. The PD standards are shown in **Exhibit A-1**. The contents of this PD further explain and illustrate the overall appearance and function desired for this community. A Land Use Plan (**Exhibit B**) and Conceptual Lot Layout (**Exhibit C**) are attached to illustrate the general community vision and design. The Conceptual Lot Layout depicts a mix of residential products and open space areas that are contemplated within the community.

Other-Use Categories –

**Trails and Parkland**

A substantial portion of the site will be dedicated as parkland/open space and development of the site will include a trail system tying back into the sidewalks creating a network of pedestrian ways within the community that can ultimately be connected to and become a critical link in the regional trail system envisioned by the City. A proposed Land Use Plan with a schematic layout of proposed trails is shown on attached Exhibit B.

**Garage / Parking Standards**

All garage and parking standards established in the City of Bastrop Code of Zoning Ordinances shall apply.

**Fencing**

All lots that back onto parks or floodplain areas shall utilize 6 foot, wrought iron or decorative tubular metal view fencing.

**Flag Lots**

In order to provide a legal lot for the detention ponds [if necessary] within the Piney Creek Bend subdivision, the minimum flag lot width shall be fifteen (15) feet. This provision shall not apply to residential lots.

Part 4: If any provision of this ordinance or application thereof to any person or circumstance shall be held invalid, such invalidity shall not affect the other provisions, or application thereof, of this ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this ordinance are hereby declared to be severable.

Part 5: This ordinance shall take effect upon the date of final passage noted below, or when all applicable publication requirements, if any, are satisfied in accordance with the City's Charter, Code of Ordinances, and the laws of the State of Texas.
