Cody's Irrigation & Landscape
Charles Cody
(512) 304-8756

Please note that the above listed testers are not affiliated with the City of Bastrop. They are independent, certified backflow assembly testers. **The City neither endorses nor recommends any company listed above. This list is provided only as a courtesy; it is the property owner's responsibility to contact the Certified Backflow Tester of their choice and make arrangements for the testing of the backflow device(s) that is installed on their property.**

Once the test(s) has been completed, the tester will submit a completed Test and Maintenance Report to this office. If you would like a copy of this report for your records, please notify your certified tester.

If you are unable to schedule your test by the due date, please call Kimberly Hanly at the City of Bastrop's Water & Wastewater Department. (512) 332-8960
