FOR IMMEDIATE RELEASE

ROAD CLOSURE SLATED FOR MONDAY, JULY 9th : Childers Street Construction Update

7/6/18 (Bastrop County, TX) – The City of Bastrop Public Works Department continues work to repair Childers Street. On Monday, July 9th, a portion of the thoroughfare will be closed. “We will begin the milling process early Monday morning on Childers Street at the Pecan Park entrance,” said Street Superintendent David Juarez. Residents, motorists and area businesses will be detoured to Perkins street to access the SH 71 feeder road. “Area businesses and effected residential areas will still have access to the area by way of Agnes Street,” said Juarez. Staff anticipates the work should be completed by the end of the day on Monday, however weather and traffic factors could cause delays to the schedule.

Residents should continue to expect delays and seek alternate routes when possible. As always it is important that drivers pay attention and follow all construction signage and marked detour routes. Please be cautious and heed instructions from any personnel on site. This will help to ensure the safety of City staff and drivers. Pending no major delays, the City of Bastrop anticipates completing the scheduled repair and maintenance of Childers street by the end of July.

We apologize for any inconvenience this may cause. If you have any questions or concerns please contact The Public Works Department at (512) 332-8921.
